[16 ~ 17] 다음을 듣고, 물음에 답하십시오.

W: Hello, everyone. Today, let's learn about some details about the Olympic Games. As you all have learned, the first Olympic Games were held in Athens, Greece, in 1896, and there were nine sports events in total. The events in the Olympic Games have been changed through the agreement of the IOC members. For example, soccer made its first appearance at the second Olympic Games and was excluded in the 10th Olympic Games. The fate of tennis is more interesting. Tennis was one of the nine sports events in the first Athens Olympic Games, but it was excluded from 1928 to 1984 and then revived at the 1988 Seoul Olympics. The 1936 Berlin Olympics became the first to introduce handball. However, handball disappeared from the Olympics and later was revived at the 1972 Munich Olympics. Taekwondo made its debut in the relatively recent Sydney Olympic Games in 2000. Overall, the number of sports events in the Olympic Games has gradually increased through some additions or exclusions.
