대화를 듣고, 여자의 의견으로 가장 적절한 것을 고르시오.

W: Good morning, Jason. It's sports day today. Do you have everything you need?

M: Yes, Mom. I put a water bottle, some snacks, and a towel in my bag. Is there anything I forgot?

W: What about sunblock? Did you put it on?

M: Sunblock? It's not sunny outside.

W: Jason, you should wear sunblock even on a cloudy day.

M: But I don't feel the sun in weather like this.

W: Even if you don't feel the sun on your skin, the harmful light from the sun can damage your skin because the clouds don't block it.

M: Really? You mean I can still get a sunburn even on a cloudy day?

W: Yes. That's why you shouldn't forget to wear sunblock even if it's not sunny outside.

M: I didn't know that. I'll put it on now.

M: Yeah. But some stains were difficult to remove. It's better to have your car washed right after it gets dirty.

W: I went on a business trip for a month, so I didn't have time. I'll keep that in mind.

M: Anyway, while cleaning the inside, we found this earring under the driver's seat.

W: Really? I thought I had lost that. Thank you.

M: You're welcome. Would you like to pay by credit card or in cash?

W: I'll pay in cash. Here you are.

M: Okay. *[Pause]* Here is your receipt. And this is a discount coupon for our car wash center. You can use it on your next visit.

W: That's lovely. Oh, you put a round table on the rug.

M: Yeah. We spend time reading books around the table. What do you think of the clock on the bookshelf?

W: It looks good in that room. By the way, is that a plant under the calendar?

M: Yes. I placed it there because the plant helps to clean the air.

W: You decorated your house really well.

다음을 듣고, 물음에 답하십시오.

W: Hello, students. Previously, we discussed why gardening is a great hobby. But not everyone has a sunny front yard. So, today we'll learn about plants that grow even in shade. First, lemon balm survives in full shade. So if your place is sunless, it's the plant you should choose. Next, ivy is the ultimate shade-loving plant. Its ability to grow in shade makes it survive under trees where most plants can't. Also, there's mint. It lives well under low-light conditions, so you can grow it in a small pot indoors. Lastly, camellia grows better in partial shade. Especially when it's a young plant, it needs protection from the sun. Many plants like these can live even in the shade. Isn't it fascinating? Now, let's watch a video clip about how to grow these plants.
